NEW EVENTS

“ Thank you so much for the ISA Athletics - my pupils absolutely loved the whole day and it was so good to see the talent from other schools. ”

Sponsoring ISA Sports

As we continue to develop and expand our offerings we are looking to create partnerships with like-minded people and companies in order to deliver even better events in the future. Advertising and sponsorship packages are available, which offer unrivaled opportunities to link **your brand** with ours in sport and the independent sector.

Your company would benefit from advertising and brand awareness to our Members, providing education for over **100,000 pupils** in the United Kingdom, through our website, social media, journal and a great visibility on our events.

Sponsorship can be in the form of financial donation, or sponsorship in kind providing prizes for competition winners, activities, branding, or equipment. When asking any company to provide us with their service we can in return offer a variety of benefits (sponsorship packages at different levels), by agreement, including:

Level	Investment	Option to include promotional materials at the event	Display banners during the event	Event attendance	Logo in participants communication	Logo/Blurb on programmes and printed materials	Logo on the newsletter	Mention/tags and social media posts	Company logo and link on website
