The ISA Film and Animation Competition is a fantastic opportunity for pupils of all ages to use both creative and technical skills. Students are invited to make their own moving image work in any genre - from digital animation and stop motion, to silent film, documentary or video art.

Eligibility

This competition is open to ISA Members' schools only. Each school may submit a maximum of three entries per age group for each category. Group and individual entries are allowed however, the same individuals cannot enter more than once. Group entries do not have a limit of pupils.

We encourage schools to run their own competition in house and submit their successful entries in the competition.

At ISA, we are committed to making our opportunities accessible, we welcome applications from all pupils, including those with learning difficulties or disabilities. Alternative formats of these guidelines are available on request. Please notify us at the earliest opportunity so we can provide the document accordingly, if required.

Tips for filmmakers

- Remember that you are being judged on your filmmaking skills, not on performance.
- Be creative about the type of film you choose to make e.g. silent film, video art, or documentary.
- Think carefully about how you will use camera angles, lighting, sound (or absence of sound) and editing to get the message of your film across. These are some of the criteria that the judge will be looking at.
- Make sure your image and sound quality are clear.
